Blessings Project Foundation Announces Downtown Satellite Office

Winston-Salem, NC—The Blessings Project Foundation will open a downtown office on Trade Street, in the office space of 5IVE & 40RTY gallery, effective February 2010. The location will provide greater visibility for the Foundation and its grantees who share the Foundation's commitment to the environment, humanity, the arts and spiritual healing.

The Foundation is currently accepting grant proposals for the winter 2010 grant cycle. Deadline for submission is March 31. Applications are available online at www.blessingsproject.org.

Blessings Project Foundation was established in 2006 by local philanthropist, Beverly Johnston who serves as the organization's president and chairman of the Board of Directors. Through a biannual grants process, Blessings Project Foundation provides funding for a variety of workshops and presentations within the local community and supports non profit organizations that share the belief that spiritual and physical health is inseparable from the health of the planet.

In 2009 the Foundation awarded grants to organizations including the AIDS Care Service, Arts for Life, BrennerFit, Coalition to Unchain Dogs, ECHO Council, PFLAG, Healing Seekers, North Carolina Conservation Network, Piedmont Environmental Alliance, PFLAG, Prodigals, Project Greenhouse, Student Action Farmworkers, and Yadkin RiverKeeper.

For more information, call 336-724-9393, email amy@blessingsfoundation.org or visit www.blessingsproject.org.

###

Blessings Project Foundation is committed to helping make our local community, our country and the world more equitable, healthy and humane by supporting grassroots non profits who share a commitment to the

environment, humanity and the arts. The Foundation provides funding for workshops, presentations and supports non profit organizations that share the belief that spiritual and physical growth is inseparable from the health of the planet.
